

The Alpino Treebank 1.0

This CDROM contains the Alpino Treebank version 1.0 (November 2002). This version of the treebank contains syntactically annotated Dutch sentences. The treebank (more than 150,000 words) includes the full cdbl (newspaper) part of the Eindhoven corpus. In addition a number of tools is provided to browse and search the corpus.

For more information, visit the *Algorithms for Linguistic Processing* homepage:
